	Human Investigations Program, Certificate	Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	11	Generate a hypothesis and specific aims for a clinical or translational research study.
- 1	numan investigations Program, Certificate	Primary OHSU Core Competency	11.2	Professional Knowledge And Skills
		Secondary OHSU Core Competency	11.2.1	Reasoning And Judgment
		Other OHSU Core Competencies	11.2.2	Evidence-Based Practice And Research
				Evidence-Based Practice And Research
		Other OHSU Core Competencies	11.2.3	
		Other OHSU Core Competencies	11.2.4	
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	12	Identify, interpret, and critique the state of knowledge regarding a research question.
		Primary OHSU Core Competency	12.2	Evidence-Based Practice And Research
		Secondary OHSU Core Competency	12.2.1	Professional Knowledge And Skills
		Other OHSU Core Competencies	12.2.2	Reasoning And Judgment
		Other OHSU Core Competencies	12.2.3	
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	13	Propose an appropriate study design and protocol for a clinical and translational research study.
		Primary OHSU Core Competency	13.2	Professional Knowledge And Skills
		Secondary OHSU Core Competency	13.2.1	Reasoning And Judgment
		Other OHSU Core Competencies	13.2.2	
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	14	Identify appropriate study methods (study design) for a research question as to feasibility, efficiency, and bias
		Primary OHSU Core Competency	14.2	Professional Knowledge And Skills
		Secondary OHSU Core Competency	14.2.1	Reasoning And Judgment
			14.2.2	
		Other OHSU Core Competencies		Evidence-Based Practice And Research
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	15	Evaluate the reliability and validity of measures, threats to study validity (bias).
		Primary OHSU Core Competency	15.2	Professional Knowledge And Skills
		Secondary OHSU Core Competency	15.2.1	Reasoning And Judgment
		Other OHSU Core Competencies	15.2.2	Evidence-Based Practice And Research
		Other OHSU Core Competencies	15.2.3	
		Other OHSU Core Competencies	15.2.4	
		Other OHSU Core Competencies	15.2.5	
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	16	Describe the basic principles and practical importance of random variation, systematic error, sampling error, r
1		Primary OHSU Core Competency	16.2	Professional Knowledge And Skills
		Secondary OHSU Core Competency	16.2.1	Reasoning And Judgment
		Other OHSU Core Competencies	16.2.2	Evidence-Based Practice And Research
		Other OHSU Core Competencies	16.2.3	
			17	Describe trends and best practices in informatics for the organization of hismodical and health, informatics for the organization of hismodical and health, informatics for the organization of hismodical and health information or the organization of hismodical and health informatics for the organization of
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)		Describe trends and best practices in informatics for the organization of biomedical and health information are
		Primary OHSU Core Competency	17.2	Professional Knowledge And Skills
		Secondary OHSU Core Competency	17.2.1	Reasoning And Judgment
		Other OHSU Core Competencies	17.2.2	Evidence-Based Practice And Research
		Other OHSU Core Competencies	17.2.3	
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	18	Identify the fundamental principles of the protection of human subjects and essential elements of voluntary in
		Primary OHSU Core Competency	18.2	Safety And Quality Improvement
		Secondary OHSU Core Competency	18.2.1	Professionalism And Ethics
		Other OHSU Core Competencies	18.2.2	Professional Knowledge And Skills
		Other OHSU Core Competencies	18.2.3	Reasoning And Judgment
			18.2.4	
		Other OHSU Core Competencies		Patient/Client-Centered Care
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	19	Communicate clinical and translational research findings to different groups of individuals, including colleagues
		Primary OHSU Core Competency	19.2	Communication
		Secondary OHSU Core Competency	19.2.1	Professional Knowledge And Skills
		Other OHSU Core Competencies	19.2.2	Reasoning And Judgment
		Other OHSU Core Competencies	19.2.3	Professionalism And Ethics
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	20	Recognize the relevance of demographic, geographic, and ethnographic features within communities and populations.
		Primary OHSU Core Competency	20.2	*Patient/Client-Centered Care
		Secondary OHSU Core Competency	20.2.1	Professional Knowledge And Skills
		Other OHSU Core Competencies	20.2.2	Reasoning And Judgment
		Other OHSU Core Competencies	20.2.3	Lifelong Learning
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	21	Recognize the principles of building and managing an interdisciplinary/ intradisciplinary/ multidisciplinary team
		Primary OHSU Core Competency	21.2	Interprofessional Teamwork
		Secondary OHSU Core Competency	21.2.1	Communication
		Other OHSU Core Competencies	21.2.2	Professional Knowledge And Skills
		Other OHSU Core Competencies	21.2.3	Reasoning And Judgment
		Other OHSU Core Competencies	21.2.4	Professionalism And Ethics
		Student Learning Outcome (At a minimum, complete no less than 5 program SLOs)	22	Manage a research project across its fiscal, personnel, regulatory compliance and problem solving requiremen
