DHS: Aging and People with Disabilities

Agenda

- Data on Health Disparities
- Pilot Project: Reaching People with Disabilities through Healthy Communities
- Success and Sustainability in Umatilla County
- Highlights from Benton County
- Next Steps in Oregon
 - -Disability Services Advisory

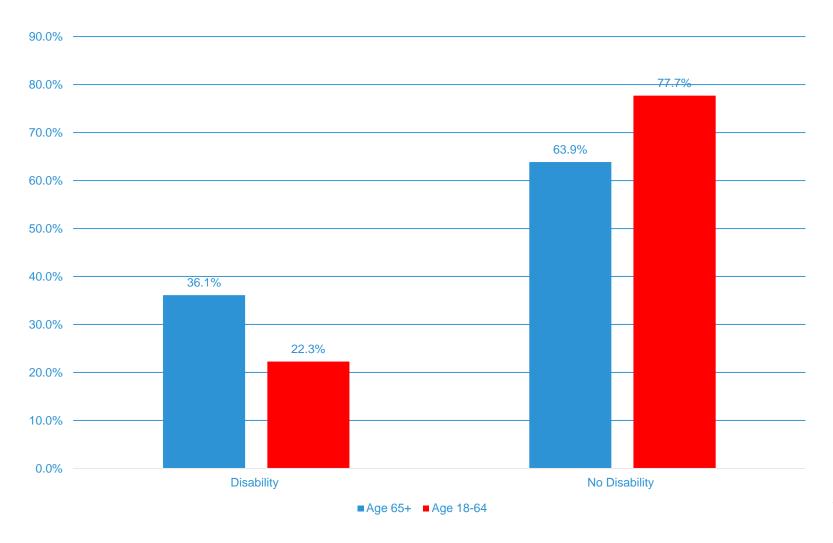

Behavioral Risk Factor Surveillance System (BRFSS)

- Population-based telephone survey of adults (18 & up) conducted at state level (self-reported data)
- Limitations: People living in congregated environments are not included (prisons, assistive living programs, nursing homes, etc.); people without a telephone, or those who don't speak English or Spanish
- Demographics, health status, chronic

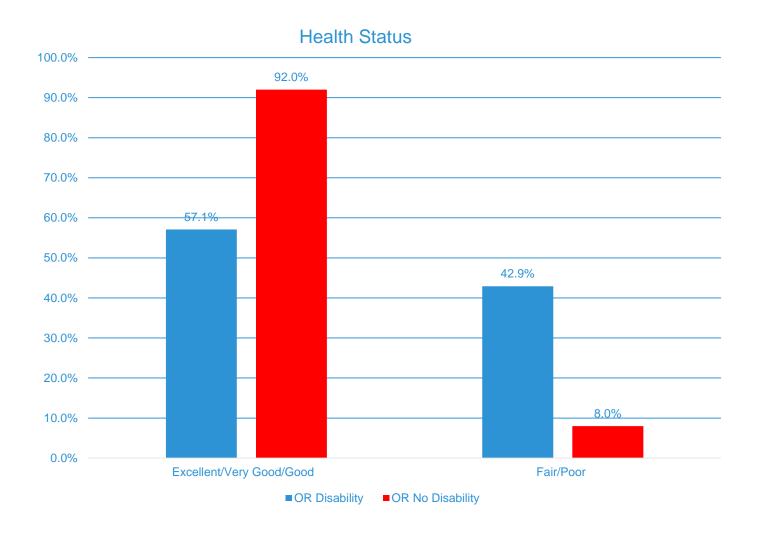

Disability by Age Group – 2016 BRFSS

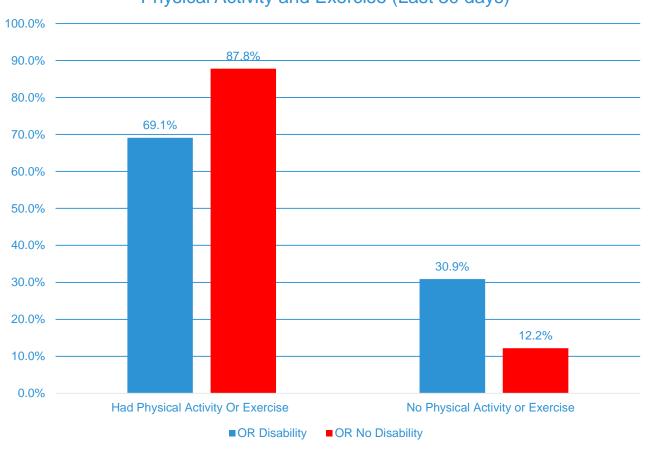

Current Health Status - 2016 BRFSS

Exercise in the last 30 days - 2016 BRFSS

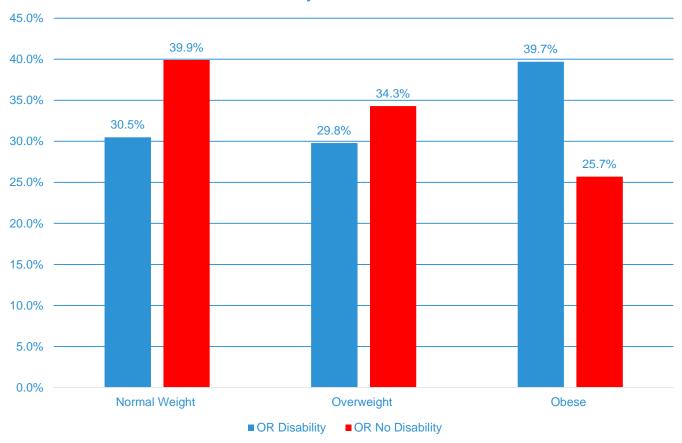

Physical Activity and Exercise (Last 30 days)

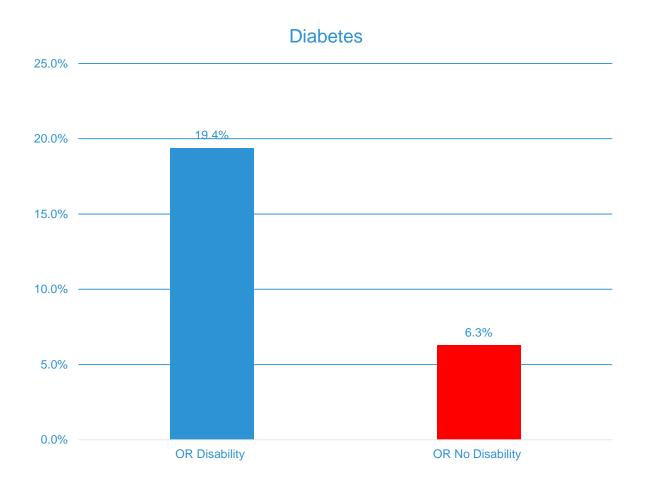

Current Body Mass Index - 2016 BRFSS

Body Mass Index

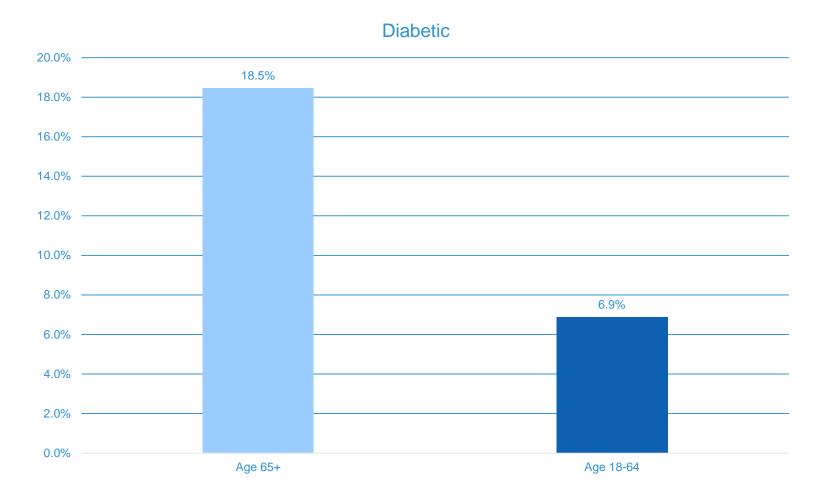

Living with Diabetes - 2016 BRFSS

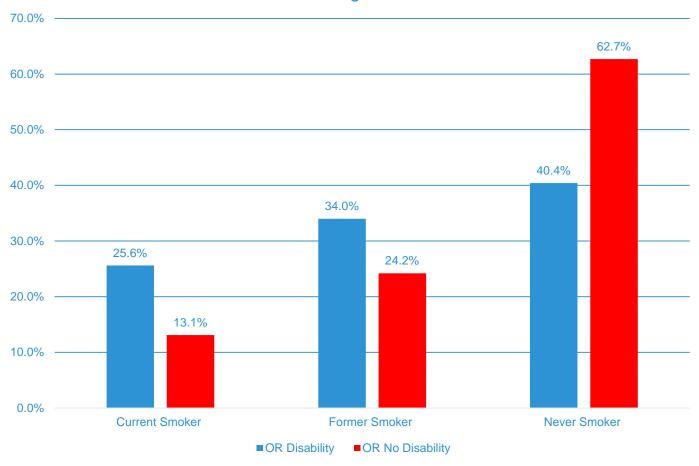

Living with Diabetes - 2016 BRFSS

Current Smoking Status - 2016 BRFSS

Inclusive Communities

Oregon's Pilot Project Partners

 Oregon Office on Disability and Health at OHSU

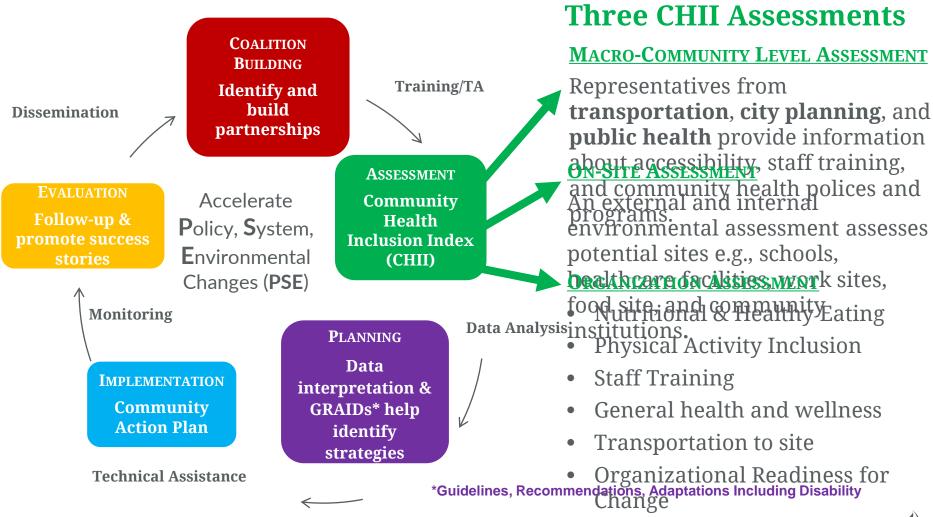

• Umatilla County's Public Health and Clearview Disabil Resource Center

Benton County's Public Health

Process Overview: Building Inclusive Healthy Community

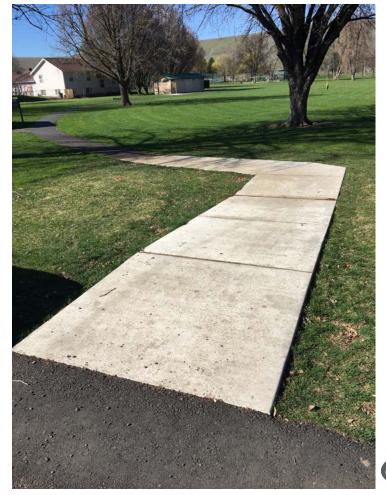

Onsite Assessment:

Umatilla: public park with no access from parking lot to covered area

Environmental Change:

- a. Worked with: City of Pendleton's city planners and Parks & Recreation dept.
- b. Park maintenance brought in dirt, leveled, paved parking lot and extended sidewalk.

Onsite Assessment: Umatilla public park with no access from parking lot to covered area

- Access to covered picnic area
- Access to power-chair charging station
- Access to park trail: exercise, recreation, enjoyment of nature

Onsite Assessment: Umatilla public park with no access from parking lot to covered area

Powerchair charging station

Invented by Darrin Umbarger

Oregon State Capital: 1st in the Country

Power-chair Charging Stations Successes

Stations in all of the following states:

- Oregon
- Ohio
- Montana
- Iowa
- Missouri
- New York
- South Dakota
- Kansas
- Alabama

Future Expansion: Mobile Charging Stations

Currently on Darrin's personal van

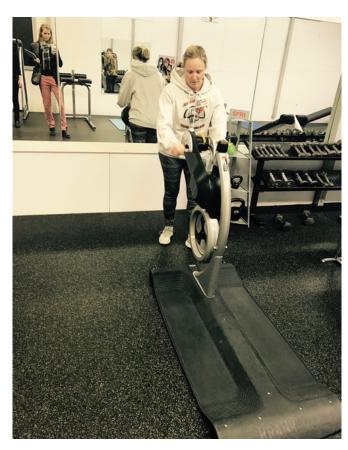

- Confederate Tribes of Umatilla Indian reservation's Kayak buses
- Clearview's non-emergency transportation vans

Organizational and On-site Assessments: Pendleton's RAC increases access for PWD

Systems (potential Policy) change:

 The partnership between the local Coordinated Care Organization, St. Anthony Hospital and the Racquetball Athletic Club (RAC) has resulted in 40 free, 1-year memberships for community members with disabilities who are on the Oregon Health Plan.

Fishing Pond

Partnership: Clearview, the City of Pendleton and the County Commissioners, Oregon Department of Fish and Wildlife, and Umatilla County Health Department.

Sustainability

Building for sustainability:

- Many improvements can be accomplished through environmental changes
- Long term planning through policy and procedures changes
- Listening to the experts

Sustainability

Equity and Inclusion / Sustainability

- Multiple groups interested in sustaining inclusive efforts
- EOCCO LCAC (Eastern Oregon Coordinated Care Organization's Local Community Advisory Council)
- Long range planning and incorporating inclusion into strategic plans and department policy

MONROE COMMUNITY LIBRARY

What now? Building Capacity - from pilot program to Oregon communities

Lessons learned:

- Engage target populations in this work. Their voices are essential in planning and decision-making.
- Policy work takes time and thoughtful planning.
- Build coalitions with a variety of partners. There are many groups in the community that prioritize inclusion.
 Public health, county disability agencies, local disability organizations,

Key Partner - Champion

Joseph Lowe Program Analyst Department of Human Services Aging & People with Disabilities

DHS Oregon Department of Human Services

Disability Services Advisory Council

The purpose of the DSAC is to advise the local Aging and People with Disabilities Division office (DHS) on Policy guidelines and services that consumers receive. And... advocate, inform, and educate concerning the rights and needs of people with disabilities in their County.

Why this approach?

- Shows DSAC as an effective, impactful organization (builds community reputation)
- Creates and enhances collaborative relationships and community partnerships

Allows DSAC to promote, advocate for, and

influence P communiti healthy livi in their rtunities for

Why this approach?

- Builds foundation for short AND long-term change
- Less formal, less legal approach to change
- Nationally validated, evidence based tool
- Builds team strength internally for DSAC

Questions? & Thank You!

What is NCI-AD?

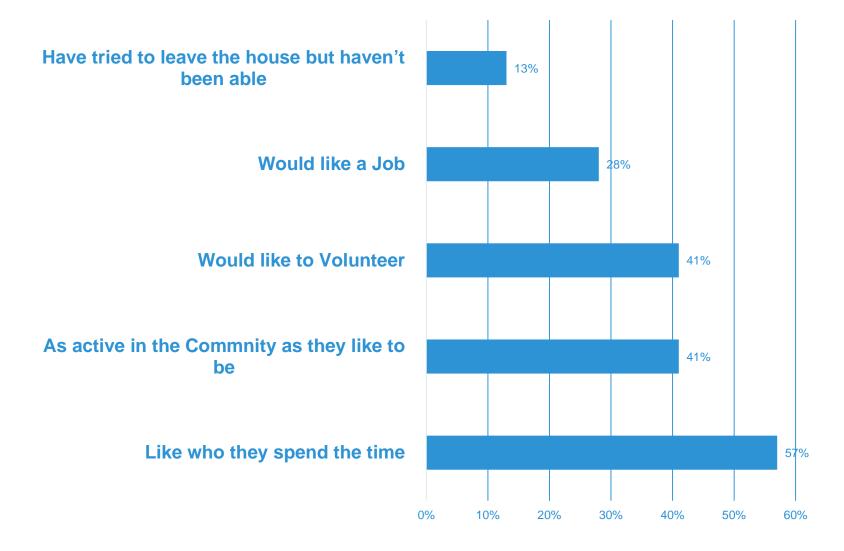

The National Core Indicators for Aging and Disabilities© (NCI-AD) are standard measures used across participating states to assess the quality of life and outcomes of seniors and adults with physical disabilities who are accessing publicly-funded services through Medicaid, the Older Americans Act, Program of All-Inclusive Care for the Elderly (PACE), skilled nursing facilities/nursing homes, and/or state-funded programs.

Data for the project are gathered through a yearly in-person Adult Consumer Survey administered by state Aging, Disability, and Medicaid Agencies. In Oregon the sample size was between 400 to 600.

NCI-AD data measures the performance of states' long-term services and supports (LTSS) systems and helps state agencies with quality improvement initiatives, strategic planning, and legislative and funding priorities.
