6.6	Optimize Clinical Operations	●	18	Joe Ness, Renee Edwards

### HEALTH CARE COUNCIL TACTIC STATUS

OHSU 2025

# Objective 1.15 Suicide Safety

## Purpose and Goals:

To build OHSU's capacity to understand, prevent, and work through suicide

- Support staff at all levels and locations
- Centralize resources and supports
- Outline policies, procedures, best-practices, and trainings
- Destigmatize suicide and mental health
- Increase resource accessibility and develop a supportive culture
- Acknowledge union of medical and mental health disciplines

# Objective 1.15 Suicide Safety

## Upcoming Milestones

- Complete: Jade Osilla was hired as the Suicide Prevention Program Manager within Occupational Health.
- OHSU Suicide Intervention, Prevention, and Postvention Plan (SIPP)
- Creation of Postvention Response Team
- Consistent and established roll out of suicide prevention trainings
- Harm reduction: Rx safe disposal boxes and gun lock distribution
- OHSU Suicide Prevention Coalition and Partnership (SPCP)

*A suicide-safer community is one “where each person feels validated and valuable” – Gretchen Irwin, RN*

# Objective 2.1 Learner Placement

## Purpose and Goals

Implement an integrated system to manage learner placements in all required settings

Develop a centralized, coordinated and equitable system for accessing and managing clinical placements for our learners that will provide opportunities to increase educational standards, improve the quality of our learning experiences, foster interprofessional education, enhance patient safety, and optimize satisfaction for learners, preceptors and faculty.

# Objective 2.1 Learner Placement

## Accomplishments

- Developed the Office of Learner Placement and Housing, a combined office responsible for managing clinical learner placement in a systematic, centralized, coordinated, and equitable manner.
- Established the OHSU Learner Placement Council to guide the development of an integrated system to manage learner placements with representation from a variety of stakeholder groups.
- Identified and currently implementing an All-in-One Education Management Platform for Health Sciences Programs.

## Projected Implementation Completion Timeline for EXXAT

Pilot Phase Completed – 01/09/2023

Phase One – 06/01/2023

Phase Two – 09/01/2023

Phase Three – 06/30/2024
