And Members of the Oregon LGBTQ Older Adult
Survey Advisory Committee

Survey Goal & Purpose

“I am concerned about my future as I, and the people in my community, grow older. I worry about who will take care of us, and I wonder who I’ll be able to turn to for help as my body gets more feeble.”

- Goal: Understand the risks, needs and strengths of demographically diverse LGBTQIA2S+ Oregonians aged 55 and older, including those not represented in previous studies
- Purpose: Produce publicly available findings to be used for advocacy, training, education, program and policy development and other purposes
- Build/Strengthen LGBTQIA2S+ community relationships

Survey Components

- Conducted by [Karen Fredriksen Goldsen](#), PhD and her research team at the University of Washington
 - Under the supervision of their Institutional Review Board
- Oregon Behavioral Risk Factor Surveillance System (OR-BRFSS) data 2013-2018
- Community-based **survey** people aged 55+ who identify as LGBTQ+
1,402 valid responses
- Online, phone, paper options and in translation (10 languages)

Key Finding –Access to Services & Elder Abuse

“I’m a case manager and I have difficulty placing my LGBTQIA clients within any community in Oregon. They often decline facility placement because they don’t feel welcome and they fear discrimination. We need more long-term care facilities for our aging LGBTQIA community.”

- More than 50% have service needs that are not met.
- 24% of LGBTQ+ older adult participants have experienced elder abuse in the past year
- 76% did not report the experience to the authorities
 - The most common barriers to reporting abuse are:
 - Distrust of authorities’ fair treatment of LGBTQ+ people (26%)
 - Lack of knowledge on how to report (16%)

Key Finding

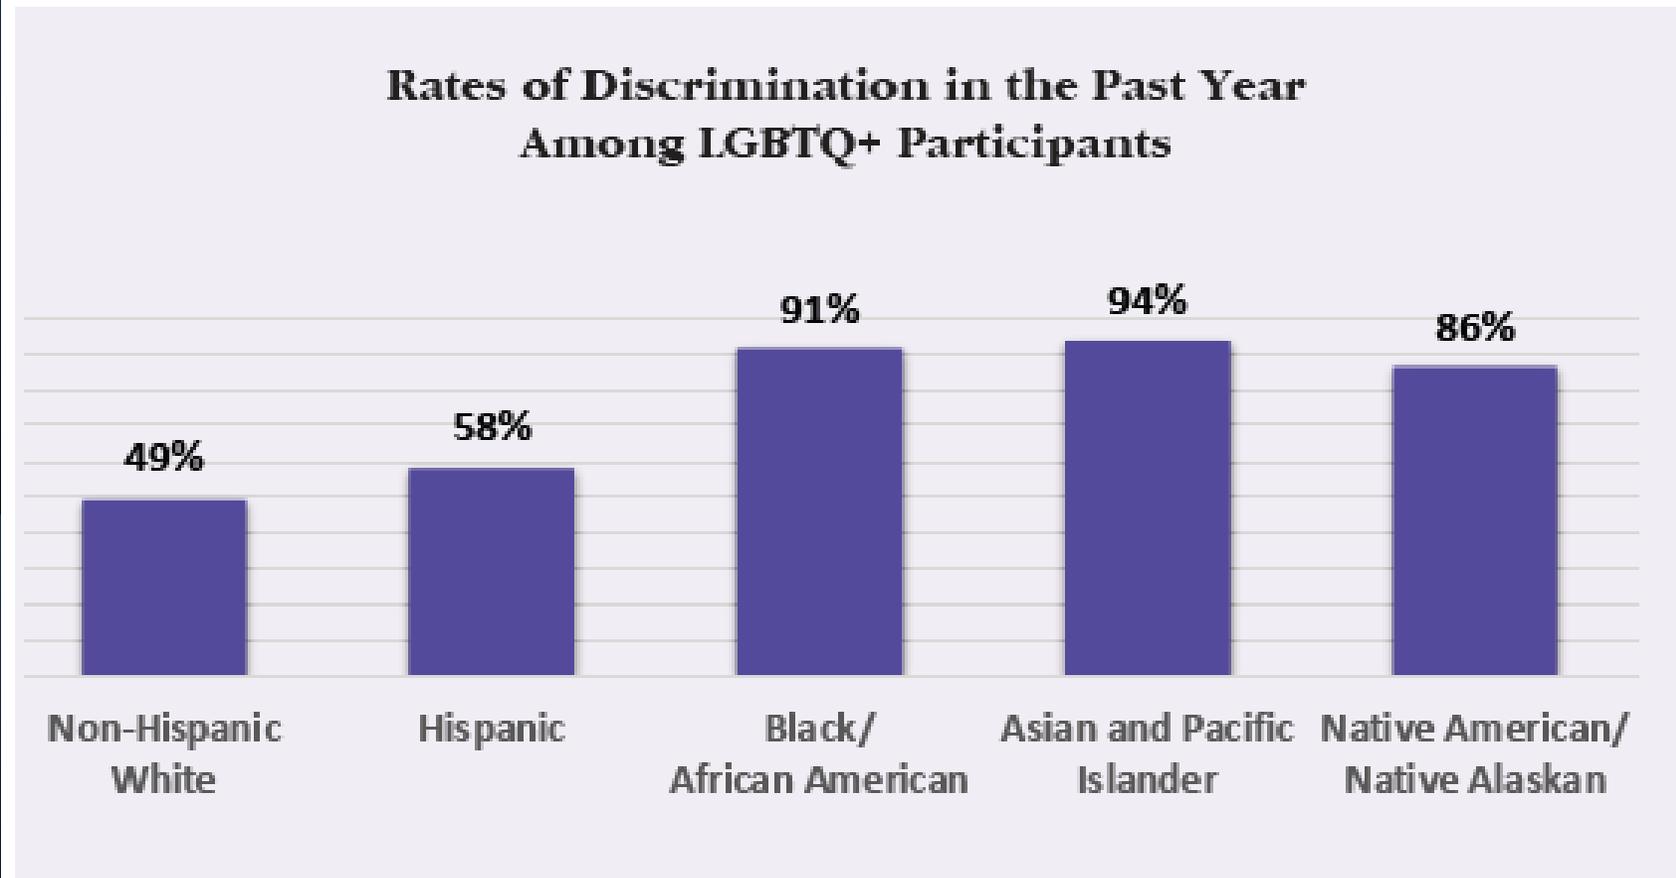

– Mental Health

- Suicidal ideation: 21% of the LGBTQ+ older adult participants have experienced suicidal ideation in the past year
- Greatest elevated risk of suicidal ideation are:
 - Black/African Americans, Asian and Pacific Islanders, Native American/Alaska Natives

Key Finding – Adverse experiences

“While I am out to those close to me, putting up a pride flag or BLM sign feels unsafe and could put my family at risk.”

- Nearly 60% of participants experienced discrimination within the last year

Key Finding – Economic & Housing Stability

“I am scared of retirement and how I will survive in terms of housing. The long-term facility I visit feels completely heteronormative and conservative.”

- 40% live at or below 200% of Federal Poverty Level (FPL)
- Those living at or below 200% of the FPL report higher rates of:
 - discrimination (67%),
 - elder abuse (27%), and
 - identity non-disclosure (57%)
- One-third of LGBTQ+ older adult participants have difficulty paying bills or buying nutritious meals due to financial instability
- Nearly two-thirds (64%) of participants are not confident that they will be able to continue living in their current housing

Key Finding –Social Resources & Resilience

“I live in a rural area. I know there are other gay people around but I haven’t met any yet.”

- More than 70% of LGBTQ+ older adult participants have three or more people they can count on for social and emotional support
- Despite close relationships and communities, nearly 20% report lack of social support, which is highest among people of color

Post Survey Work

- Public presentations on survey findings
 - Local
 - Legislative
 - State & national
- 7 community partner sessions to prioritize actions based on survey findings
- Ongoing community engagement
- Drafted APD Action Plan

Top Priorities for Action Plans

From community listening sessions:

Health/Mental Health Care	Economic Security/Poverty
Housing	Discrimination
Elder Abuse (including self-neglect)	Food Assistance
Educate, Communicate, Support	Unmet Service Needs/Access
Community Engagement/ Social Support	Training, trained facility staff and homecare workers

Themes

- Safety
- Basic needs
- Training & education
- Disparities
- Access barriers
- Mental Health
- Community-listening, outreach, trust building and collaboration
- Safe spaces, social support and connection

APD Action Plan: Recommendations

“It is important to help Oregonians feel welcomed and safe in communities that can meet their increasing care needs.”

- Public Education Campaign
- Community Outreach & Advocacy
- Training
- Specific Resource Development
- Staffing
- Data Collection

Public Education Campaign

- Elder abuse
 - Risk factors in LGBTQIA2S+ populations
 - Racial and ethnic specific materials, outreach
 - How to Report
- Suicide Prevention
- SNAP outreach

Community Outreach & Advocacy

- Listening sessions with a broad range of racial/ethnic groups
- Permanent, robust APD LGBTQIA2S+ website and social media content
- Plan to reduce access barriers
- Develop relationships with ODVA Older Adult & LGBTQIA2S+ coordinators
- Create provisional Advisory Committee

Training

“There is very little support for transgender women in my age range. I believe this keeps transwomen and transmen, such as myself, from coming out and seeking the care we often desperately need.”

- Funding and contract
 - Basic training on LGBTQIA2S+ strengths and challenges, experiences across the lifespan and showing impacts as an older adult
 - Contract with community partners including culturally diverse providers and in other languages & formats
- Trauma informed care cheat sheet relating to trauma informed work with LGBTQIA2S+

Training

- Require/mandate training for Aging & People with Disabilities at start of employment
 - All Local Office staff, Central Office - including Safety, Oversight & Quality
 - Housing Navigators
 - Area Agencies on Aging (AAA) - require in AAA contracts
- Explore training partnerships or contracts with others for training healthcare providers

Specific Resource Development

- Address specific ideas for Native Americans, Latinx, African-Americans interventions provided at prior listening sessions
 - Programming on Spanish language radio
 - Support safe spaces for the Black community to discuss HIV – through CBOs as well as APD local and districts offices
 - Expand respite resources for tribal elders
- Increase legal assistance services and access to them for LGBTQIA2S+ and estate, long term care and other planning

Specific Resource Development

- Create/support funding for senior loneliness hotline for LGBTQIA2S+ or friendly to LGBTQIA2S+
- Contract to develop and provide MH interventions (peer support and MH treatment groups (example depression), access to counseling, other treatment) to address intersectionality of race, LGBTQIA2S+ and older adults

Specific Resource Development

As a queer older person living in subsidized housing, I feel very removed from any specific support. Along with the usual subsidized housing issues, there is a large religious population in my community and I don't feel comfortable. We don't have choices when applying for housing."

- Designate a housing navigator to cover technical assistance w/LGBTQIA2S+ housing and/or offer contract incentive payments for serving LGBTQIA2S+ older adults
- Initiate LGBTQIA2S+ friendly Adult Foster Home designation program statewide

Racial/Ethnic Specific Priorities

Ideas for action:

- Multi-generational education and supports
- Native speakers of Latinx Indigenous languages to go out to the community
- Hold more listening sessions with other racial/ethnic communities
- Prioritize actions considering racial equity
- LGBTQIA2S+ resources for culturally specific groups
- Culturally specific services that address intersectionality
- Homebound seniors of color need technology, also technology access for social, recreational activities and telehealth

Data Collection

- Track reporting after public education campaign
- Repeat the survey in 3 years
- Report REALD & SOGIE data by LGBTQIA2S+ & race

Staff Work

- Community Outreach
 - Connect with diverse racial/ethnic LGBTQIA2S+ members
- Project Management
- Policy:
 - Staff projects/collaborations to address loneliness and lack of social supports
 - Review policies and procedures to address equity for LGBTQIA2S+
 - Review APD materials for LGBTQIA2S+ inclusion in language, images, content
 - Navigator Program

Related Legislative Proposal

“It is important to help Oregonians feel welcomed and safe in communities that can meet their increasing care needs.”

Senate Bill 99 would:

- Establish a standing Commission on LGBTQIA2S+ Older Adults
 - To advise the Governor, ODHS and other state agencies
- Create a Resident Bill of Rights for LGBTQIA2S+ older adults living in community based or nursing facilities
- Mandate Facility Staff Training

Post Survey Work- Collaborations

- **Social Connections & Loneliness:** with Older Adult Behavioral Health Specialists
- **Suicide Prevention:** with Oregon Health Authority Adult Suicide Prevention Plan staff
- **Training:**
 - With ODHS PRIDE Employee Resource Groups
 - With APD Training Unit
 - With Meaningful Care Conference planning
- **Access to Services, Discrimination:**
 - With Area Agencies on Aging, work on AAA Service Equity Plans
 - With community partners, development of next State Plan on Aging

APD Next Steps

APD Next Steps:

- Continue to foster/build ongoing community partnerships and collaborations
- Staff workgroup formed to finalize draft APD wide Action Plan
- Take Action Plan to community for input
- Action Plan approval and implementation
- Implementation of new State Plan on Aging strategies (pending federal approval)

Questions and Discussion

- Questions?
- Discussion:
 - What is your initial reaction to the APD Action Plan to address survey gaps?
 - Are you or your organization doing work that relates to services for LGBTQIA2S+ older adults?
 - Are there opportunities for collaboration or partnerships with APD to address survey gaps?

Terminology

LGBTQIA2S+

Lesbian: A woman who is attracted to women

Gay: A man who is attracted to men; also an umbrella term to describe both gay men and women

Bisexual: Individuals who are attracted to both men and women

Transgender: Individuals whose gender identity or gender expression do not align with their biological or assigned sex

Terminology

Queer: A term people often use to express a spectrum of identities and orientations that are counter to the mainstream. This term was previously used as a slur but has been reclaimed by many parts of the LGBTQIA2S+ movement.

Intersex: Intersex people are born with a variety of differences in their sex traits and reproductive anatomy. There is a wide variety of difference among intersex variations, including differences in genitalia, chromosomes, gonads, internal sex organs, hormone production, hormone response, and/or secondary sex traits.

Terminology

Asexual: Asexual refers to a complete or partial lack of sexual attraction or lack of interest in sexual activity with others. Asexuality exists on a spectrum, and asexual people may experience no, little or conditional sexual attraction.

Two Spirit: Two Spirit refers to someone who is Native and expresses their gender identity or spiritual identity in indigenous, non-Western ways. This term can only be applied to a person who is Native. A Two Spirit person has specific traditional roles and responsibilities within their tribe. Not all Native LGBTQ people identify as Two Spirit.

Terminology

“+”: The “+” sign recognizes the limitless sexual orientations and gender identities used by members of the LGBTQ+ community.

Sexual Orientation: A person’s primary physical, romantic, and/or emotional attraction to other people.

Gender Identity: The gender you feel you are inside (man, woman, neither or both).
