# Frequently Asked Questions about CDRC Evaluations

#### When should I call to check on the status of my child's referral?

CDRC receives many referrals each week and we strive to connect you with OHSU's registration department within 48 hrs. If you do not hear from us within 5 business days, please call 503-346-0640.

#### When do I receive an intake packet?

Please call 503-494-5252 to update your child's registration information, as this step is required (even if you have previously worked with CDRC). Please have your insurance card available when you call. After contacting registration, your intake packet should arrive within 10 business days.

#### How long are your clinical program's waitlists?

We have several different evaluation clinics at CDRC. Patients are assigned to a particular clinic depending on their age, symptoms, diagnoses (if known), and information from your returned intake packet. Each clinic's wait time is different, and you may have to wait several months after you have returned the packet for an appointment.

#### When should I call to check where my child is on their clinical program's waitlist?

You can call to check if your returned intake paperwork has been received by our clinic (please make copies of everything you send by mail), and should also call to let us know if anything has changed, such as your address or phone number. However, please wait 90 days before calling to check where your child is on the waitlist, as it often takes that long to process the information.

#### Will my insurance cover this cost?

We work with most insurance plans, but each policy is different. We recommend that you contact your insurance company early to make sure our services are covered, that we are in your network, and that any needed authorizations are taken care of in advance. Testing for learning disabilities, if needed, is usually not covered by medical insurance, and can be done by your school district.

#### Can I bring other children to the appointment?

Your attendance in clinic is required during the entire appointment (which may last from 1 ½ hours to 6 hours in length). Please have additional siblings and family members stay at home from this appointment.

#### How do I fill out the Authorization to Use and Disclose Protected Health Information?

Please see the next page for a sample form.
